FOREWORD

Information presented in this volume was taken from the 1987 Annual Reports submitted by public libraries in Texas.

This publication is divided into six sections: Section I contains general information; Section II contains a directory of public libraries; Section III contains library statistics grouped by library; Section IV contains library statistics summarized by member libraries, non-member libraries, and total libraries for the state and for each library system; Section V contains selected statistics organized by county; and Section VI (Appendix A) contains an index listing names of head librarians and branch librarians and the names of libraries and branches which do not begin with the name of the city in which they are located.

Sections III and IV have been substantially modified. Both sections are now grouped into twelve tables. Information is presented, with few exceptions, in the same order as it appeared in the Annual Report. In Section III, the information is presented by library and organized alphabetically by the city in which the library is located. Section IV provides various totals of the same information appearing in Section III.

The statistics reflect each library's 1987 local fiscal year. The membership year noted in the directory is State Fiscal Year 1989 (September 1, 1988 - August 31, 1989). The source of population statistics is Current Population Reports, Series P-26, No. 84-S-SC, Local Population Estimates for 1984, U.S. Department of Commerce, Bureau of the Census, issued June 1986.

We would like to express our gratitude to all the public librarians for their cooperation and efforts in completing the Annual Report/System Membership Application forms, as well as to the ten system coordinators for their part in the gathering of both statistical and directory information.

Questions concerning this publication and suggestions regarding future editions should be directed to Mitchell Gidseg, Statistician, Library Development Division, Texas State Library, Box 12927, Austin, Texas 78711, 512/463-6622.
